ILLUMINATING THE POSSIBILITIES

## THE OPPORTUNITY TO CREATE

Applelec LED Light Sheet is brought to you with over twenty years of industry expertise and unrivalled technical knowledge to offer a lighting solution like no other.

This innovative and adaptable lighting unit can be used in a diverse range of internal and external applications.

The expert team will develop an installation which meets your requirements, complements your design and supports your project.

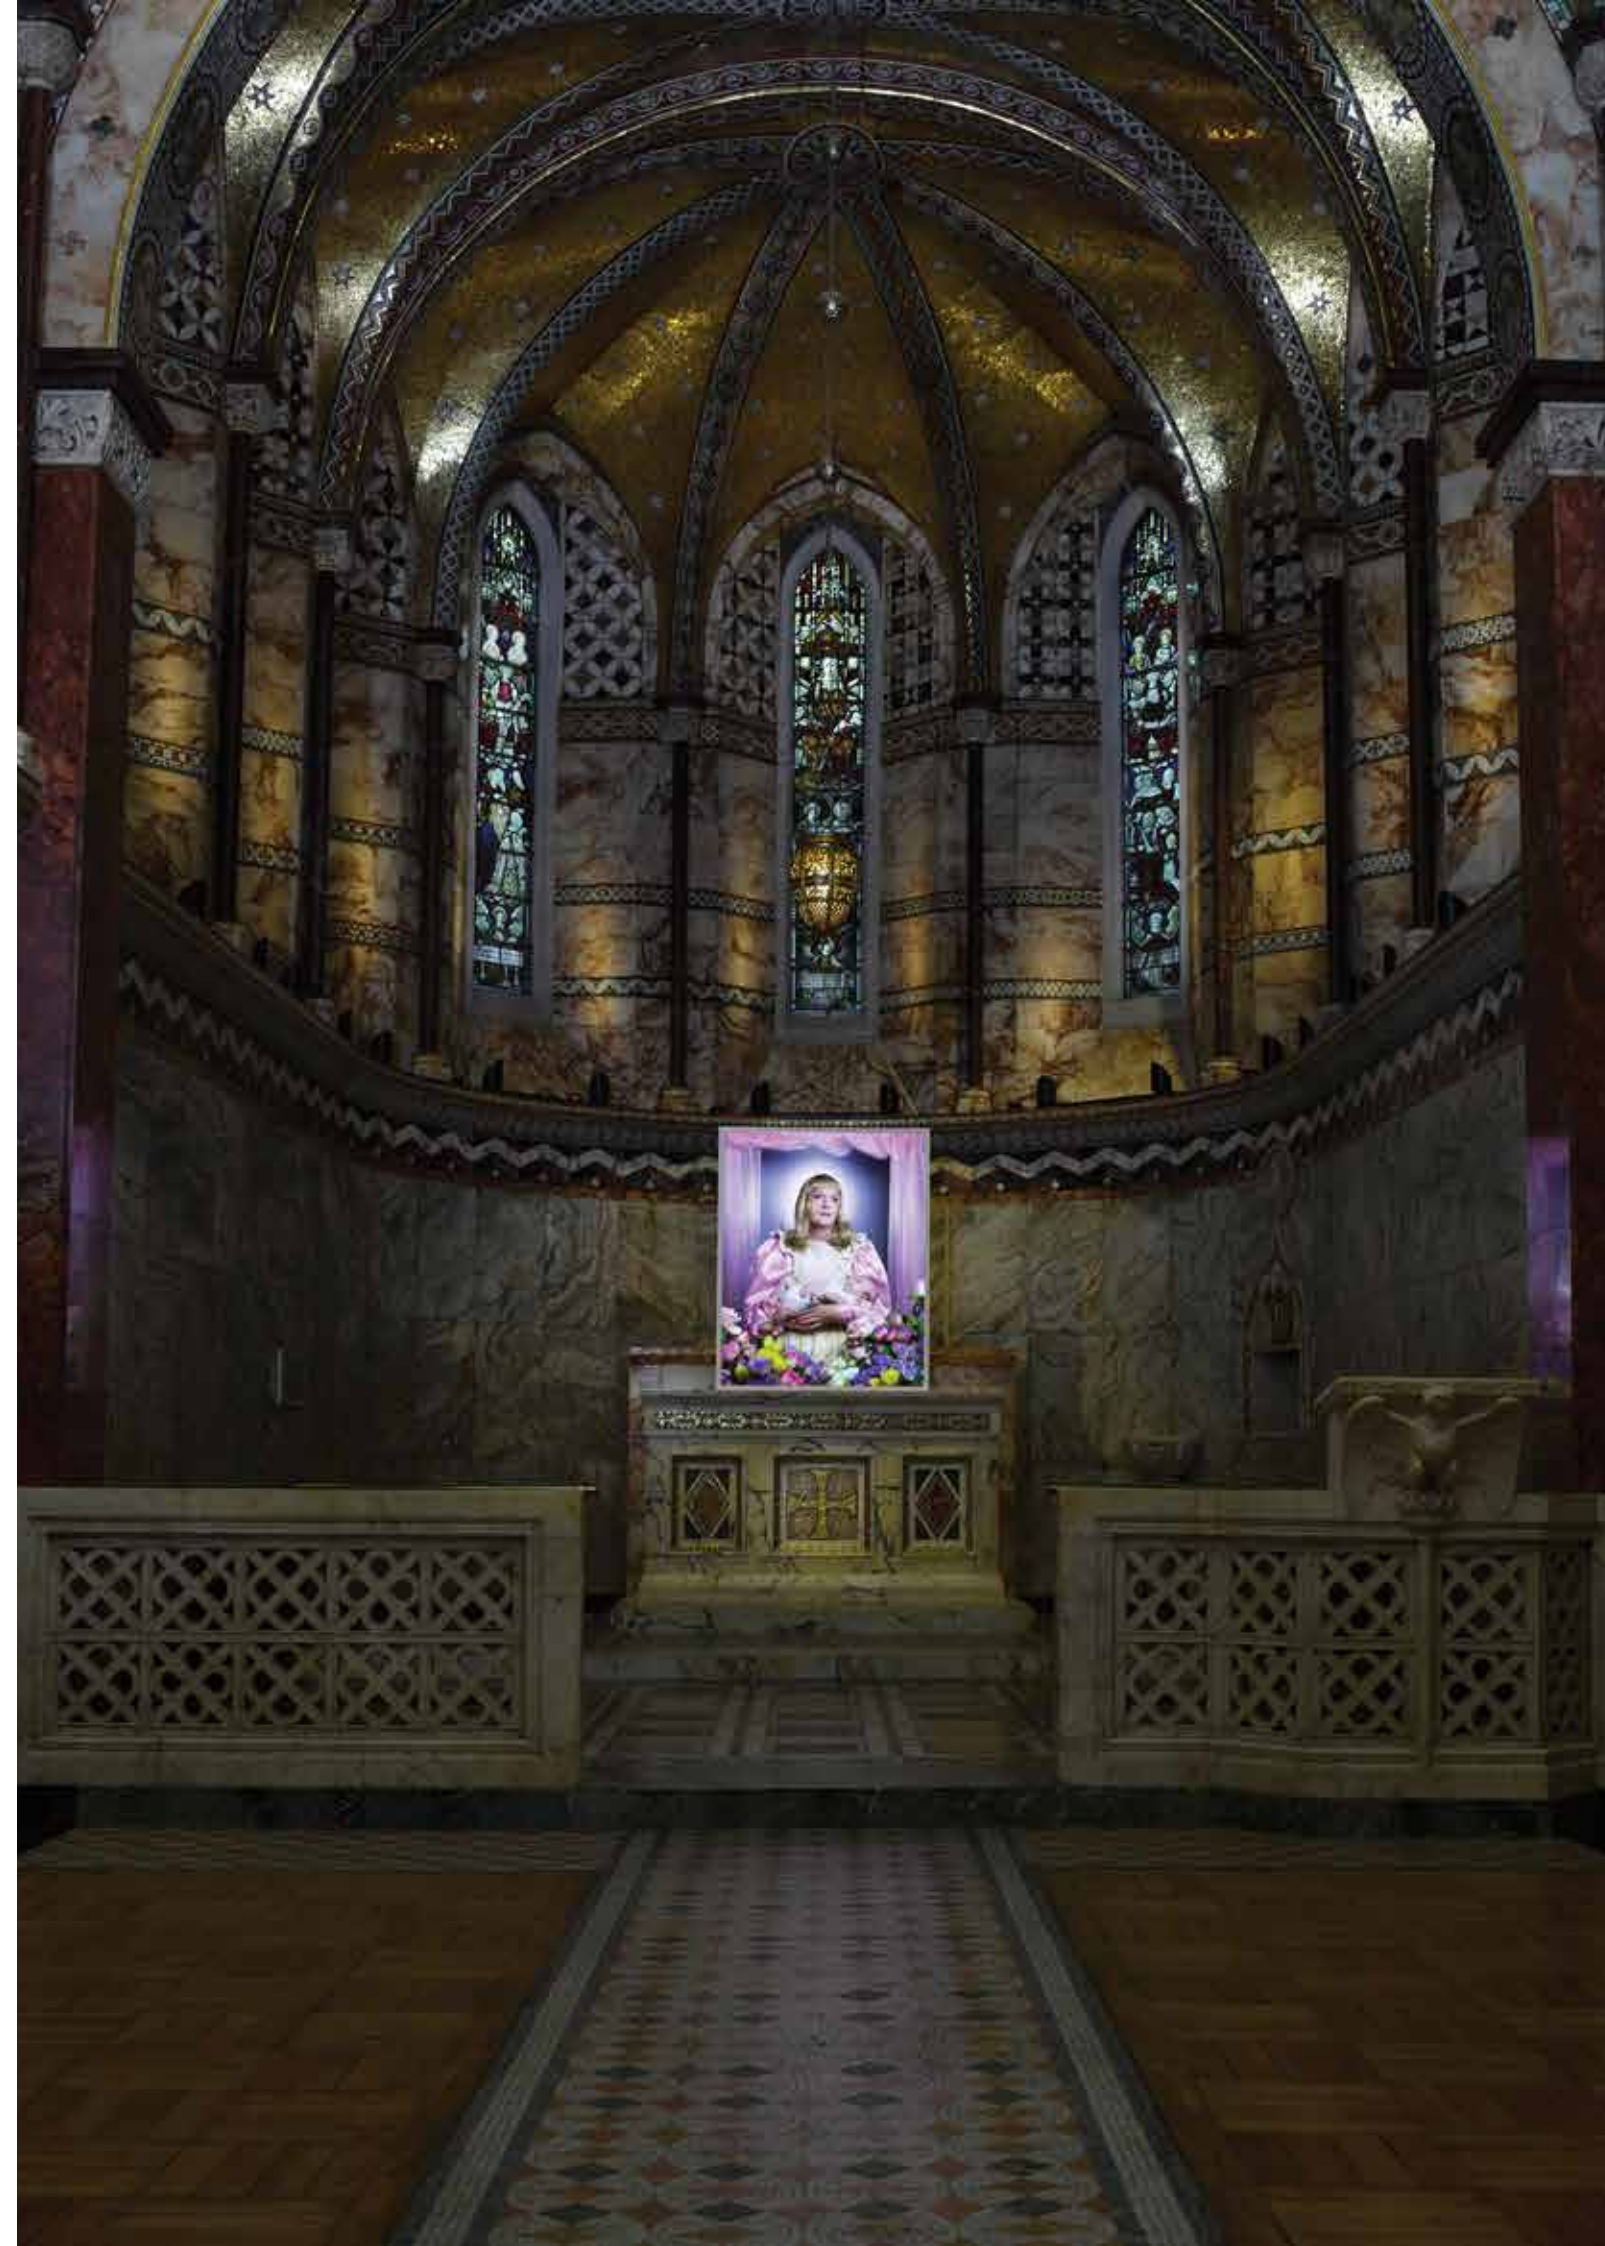

## BOTH UNIQUE AND MEMORABLE

Our range has been formed using the finest manufacturing techniques to produce finishes whose quality are both unique and memorable. Our knowledgeable team is available to do on-site training to explain the benefits of Applelec LED Light Sheet and the manufacturing methods which provide a point of difference that enhances any project.

**Project:** Grayson Perry's Birth  
**Location:** Fitzrovia Chapel, London  
**Designer:** Richard Ansett, Lite House

## MANUFACTURED IN THE UK COMPLEMENTED BY EXCEPTIONAL CUSTOMER SUPPORT

We take great pride in Applelec LED Light Sheet being a UK manufactured lighting solution. Created in our factory in West Yorkshire, we combine superior components with expert engineering to deliver a premium light panel.

**Project:** London Wall Place  
**Location:** London  
**Designer:** MAKE Architects, Spacehub, Studio Fractal

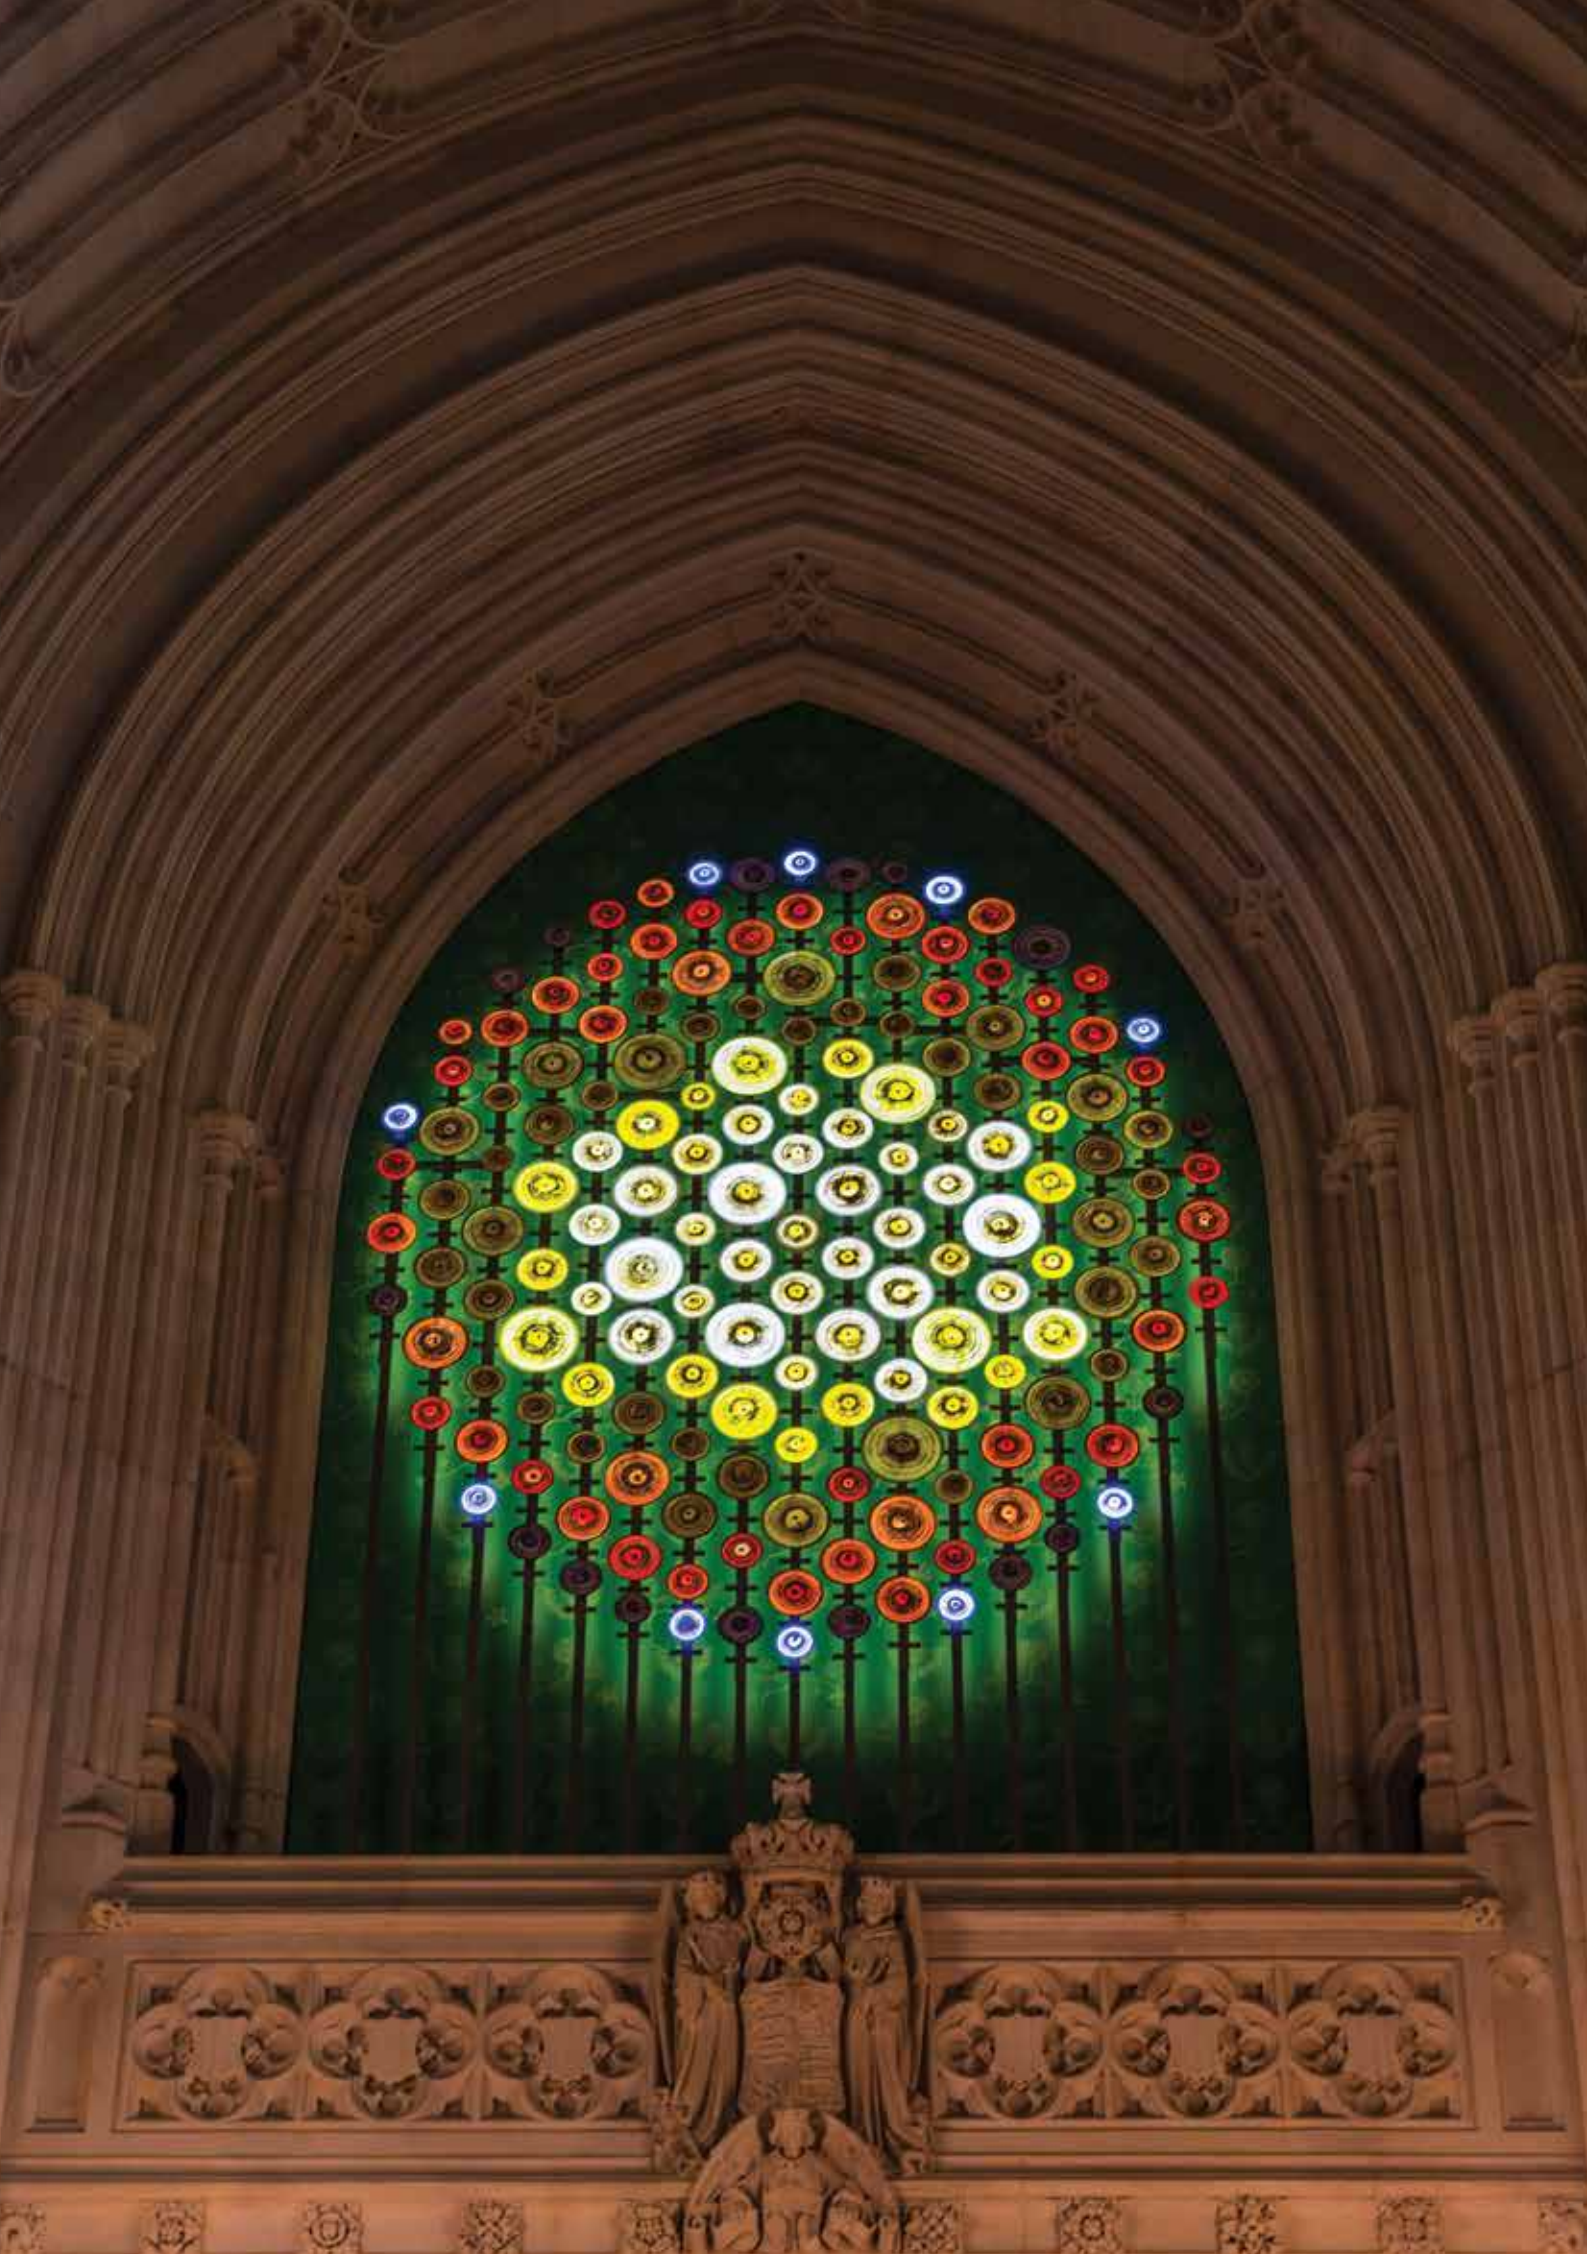

## UNRIVALLED TECHNICAL KNOWLEDGE

With our team of product specialists, we provide unparalleled technical knowledge and support to ensure project requirements are seamlessly met. As well as this, our talented team are equipped with expert understanding on a variety of lighting controls and programming systems to help achieve truly stunning and unique lighting schemes.

**Project:** Colonies  
**Location:** Frankfurt  
**Designer:** musson+retallick

## A LIGHTING SOLUTION MADE FOR YOU

Applelec LED Light Sheet features a patented technique, where our bespoke panels are specially engineered to ensure light output is bright and evenly distributed throughout the entire light sheet, even on larger panel options.

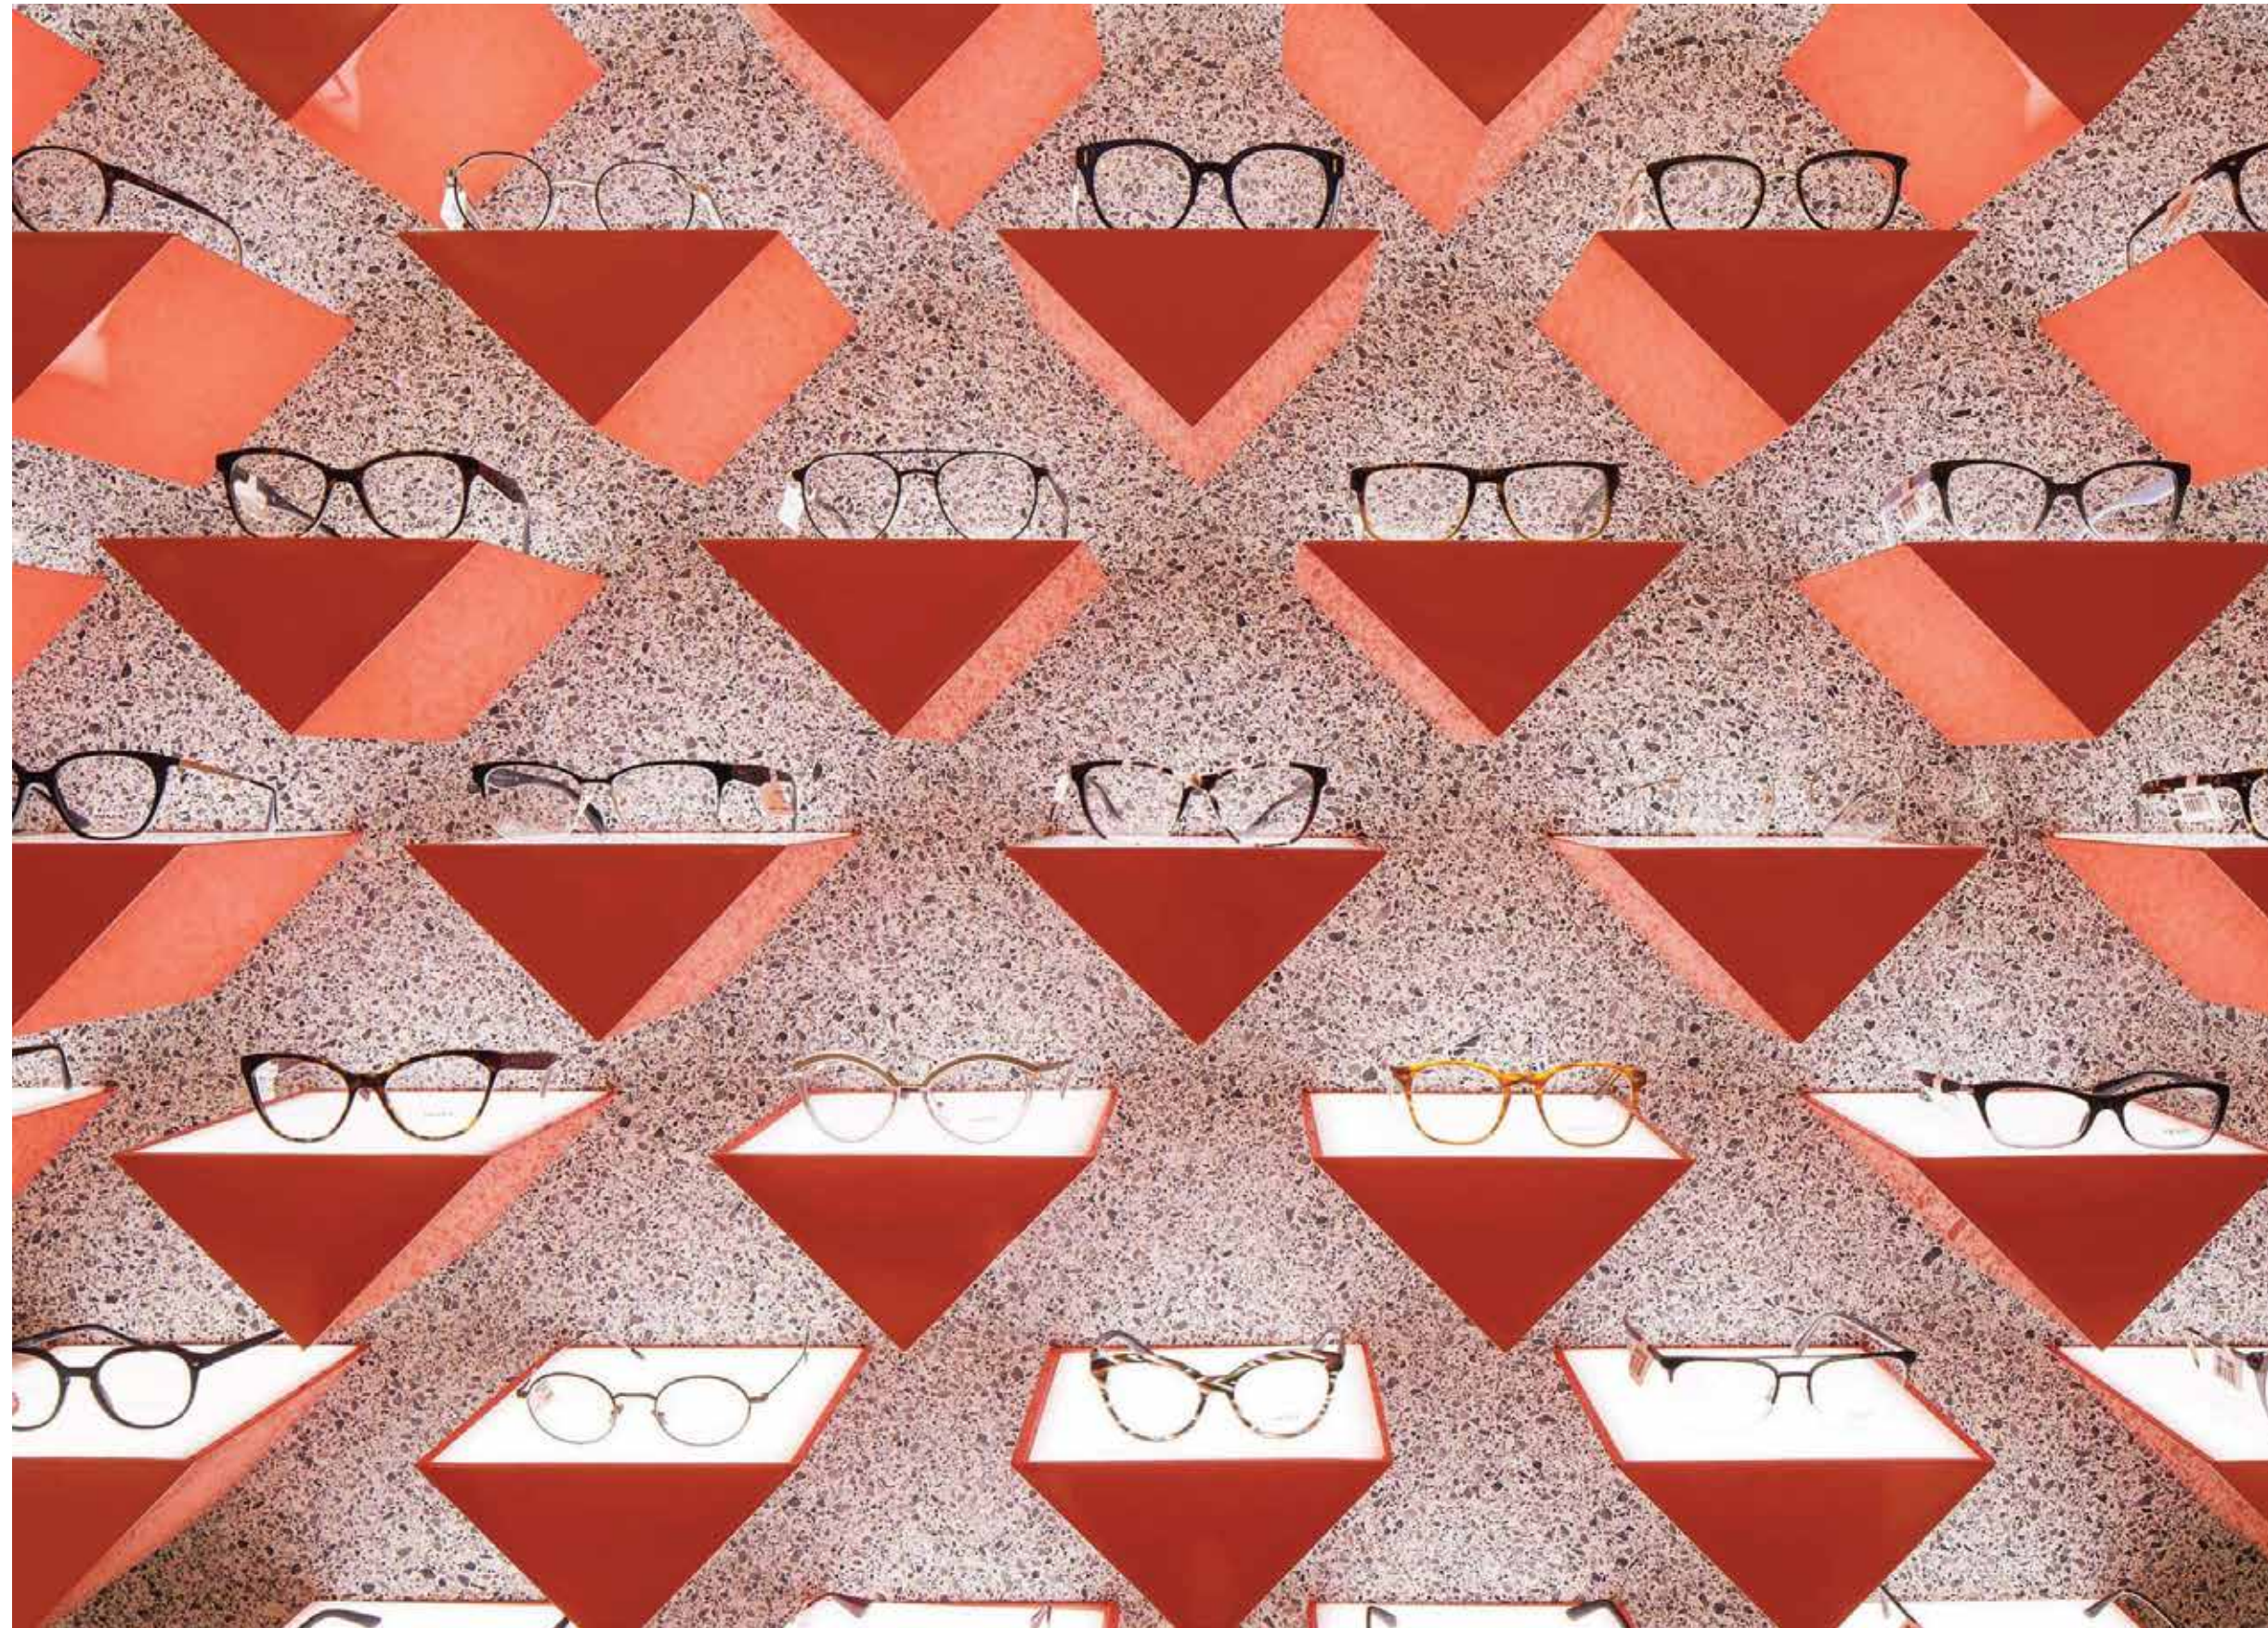

**Project:** New Dawn  
**Location:** Houses of Parliament, London  
**Designer:** Mary Branson

## BESPOKE SERVICE WITH GUARANTEED QUALITY

Applelec LED Light Sheet can be tailored to your requirements. Our lighting experts understand the nuances of our product and how best achieve an impact which is in-line with your budget, requirements, installation deadline and project design.

**Project:** Selfridges Optics  
**Location:** London  
**Designer:** Nulty+

## HERE TO SUPPORT YOU

Not only do we have a fully trained and experienced office-based team, but our field support specialists can assist you on-site; providing advice when and where you need it.
